The Mix Youth Cooperative wishes to stay in contact with students and parents about upcoming events and needed reminders. We send weekly reminders of our Wednesday gatherings as well as reminders and updates on monthly events. We feel this is the most efficient way to inform the students. We will not send spam to you or your child's phone; we will use this only as an added way to communicate. By signing this form you are giving The Mix Youth Cooperative permission to add your child's cell number to our contact information to receive our texts. You may also ask to be included on the list to receive text reminders as well.
